CHRISTIAN

(Continued from page 3.)

world this Science of Salvation, this demonstrable knowledge, which affords deliverance from evil, this spiritual understanding of the Bible which reveals the true nature of God and the power of His Christ. There are thousands upon thousands of people in all the world who are today experiencing great blessings as a result of Mrs. Eddy's teachings, and who are demonstrating that "saving faith" which alone leads to heaven.

"She is loved not only for the revelation of the demonstrable Christ Truth which is contained in her wonderful book, 'Science and Health with Key to the Scriptures,' and her other writings, but for her consecration and devotion to the welfare of mankind. She remained steadfastly at her post of duty, and continued to instruct, guide, advise, and admonish her followers, and to lead on her great Cause in its stately progress.

"Those of us who have known her personally and who have had the great privilege of being under her instruction realize in some degree what an extraordinary woman she was.

"Her spirituality, her deep love for God, her desire to know and do only His will and to be a faithful, consecrated follower of the Wayshower, Christ Jesus, these are the characteristics which made her such a great leader.

Preparedness for Mission. "That Mrs. Eddy became the discoverer of Christian Science is unquestionably explained by the fact that she was so earnest and faithful in her truthseeking, and so responsive to the overbrooding touch of divine Love that

BRISTOL

BRISTOL, Nov. 19.—Sheldon Davis, twelve year old son of F. E. Davis, of Salem fork creek, received very serious injuries recently while leading a cow across the Indian run hill. The cow became frightened at something and started to run. The boy having the rope tied around him could not get loose and was dragged about two-thirds of a mile before the cow stopped long enough to enable him to free himself. Upon examination by a physician it was found he had one bone in his left arm broken and another thrown out of place besides his face, shoulder and side being badly bruised. No internal injuries were found.

The following young people attended the surprise party given Miss Blanche Meredith, of Salem fork creek in honor of the sixteenth birthday: Misses Tessie and Retto Darnold, Anna Davis, Winnie Haney, Bessie Harbert, Minnie Harbert, Olma Davis, Marie Meredith, Oro Ritter, and Messrs. Frank D. Davis, Earl Shahan, Earl Meredith and Ercell Haney. The evening was spent in playing all the up-to-date games after which refreshments were served and at 11:30 all went home wishing Miss Meredith many happy returns of the day.

A ten and one-half pound baby girl was born to Mr. and Mrs. George W. Grow, of Flinderston, a few days ago. Mother and babe are doing nicely.

Mrs. Lillie Ritter, of Indian run, is ill at this time of typhoid fever. Her husband is just recovering from a very severe attack of fever, and is now only able to sit up a little.

Hiram D. Lynch was a Clarksburg visitor Monday looking after business matters.

The Rev. W. N. Frazier preached his first sermon at the Indian run Methodist Episcopal church Sunday.

Miss Nettie Hickman is spending a few days in Salem with friends.

Mr. and Mrs. Jasper C. Ritter and children, of Grass run, were entertained Sunday by Mr. and Mrs. Howard Barnes.

Julius C. Mathey was a Clarksburg business visitor Saturday evening.

Charles R. Donnally was at Salem a few days ago looking after business interests.

Mr. and Mrs. Howard Jones were shopping in Salem Saturday.

SITUATIONS WANTED

SITUATION WANTED—By young man aged 25, with oil and gas company. Have had 11 years' field experience, now employed but would like to change. Am married and can furnish first-class reference. Write "C. B. M." Box 5, care Telegram.

WANTED—Position of any kind, by a young man to work evenings after 7 o'clock. Willing to put in this spare time at anything. At present employed in day time. Address "A. E. B." care Telegram office.

A GIRL, aged 16, would like to work in store; can read and write good. Apply to Helen Barno, P. K. House No. 106.

she was found fitted to become the channel of this great revelation. "Important discoveries in the world's development have always been made, not by accident and not by miraculous intervention, but by those who were morally and mentally equipped therefor, and whose aspiration made it possible for them to perceive the truth.

"The belief that a personal God personally selected Mrs. Eddy and dictated this revelation to her is simply absurd. It was Mrs. Eddy's mental alertness, spiritual attainment, and earnest truthseeking which made it possible for her to discern the spiritual idea and establish the stately going of the Christian Science movement.

Great Achievements.

"She did not simply state her discovery to the world; she first demonstrated it, and then offered it as a demonstrable Science for all mankind to profit by, and the great strength of her teachings lies in the fact that any one can prove their truth for himself. One of Mrs. Eddy's greatest achievements is this, that she proved the Bible to be true, and that its teachings are applicable today.

Salvation Progressive. "Christian Scientists are not surprised nor discouraged if they cannot at once demonstrate the fullness of this great truth, cannot immediately witness its full fruition, as some of its opponents seem to demand as a test. They realize probably more than do others the immense work that has to be accomplished before the belief in materiality, the indulgence in evil, and the effect of the world's hatred of spiritual truth are wholly overcome and spiritual consciousness fully attained. But they know from the great blessings which have already come into their lives, that by working, watching, and praying, faithfully, constantly, patiently, for that Mind to be in them which was also in Christ Jesus, that spiritual attainments will follow with them, as with others, in the degree that they know God, and demonstrate that knowing in their daily lives.

Closing Appeal.

"Glory be to God, and peace to the struggling hearts! Christ hath rolled away the stone from the door of human hope and faith, and through the revelation and demonstration of life God, hath elevated them to possible at-one-ment with the spiritual idea of man and his divine Principle, Love. ('Science and Health,' page 45.)

"The stone of material sense has been rolled away, and the possible at-one-ment with Truth and Love has been demonstrated. The Truth about God and man and the universe has been revealed to the human understanding, and the healing Christ is at the door of every consciousness.

"No longer need we be deceived by erroneous physical sense testimony respecting sin and disease, for the possibility of intelligently and practically differentiating between what is real and what is unreal has been bestowed upon humanity.

"A measure of this true understanding has already been attained by many in all lands, and when we enter into the closet (of Spirit) and 'shut the door' (of matter), as Jesus said, thinking rightly about God and His reflection, realizing the spiritual fact and denying the material falsity, we shall gradually purify and spiritualize our consciousness, obtain clearer, truer, and safer views of existence, experience greater freedom and harmony, better health, improved morals, until we shall finally attain that pure consciousness which Jesus called the 'kingdom of heaven.'

"In closing, let me read to you Mrs. Eddy's scientific statement of being, which epitomizes the Science of Salvation, and which when understood will enable any one to begin to work it out:

"There is no life, truth, intelligence, nor substance in matter. All is infinite Mind and its infinite manifestation, for God is All-in-all. Spirit is immortal Truth; matter is mortal error. Spirit is the real and eternal; matter is the unreal and temporal. Spirit is God, and man is His image and likeness. Therefore man is not material; he is spiritual. ('Science and Health,' page 468.)"

by local applications, as they cannot reach the diseased portion of the ear. There is only one remedy. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed, you have a running ear, which is not only painful, but it is entirely closed. The inflammation can be taken out and the tube restored to its normal condition. Hearing will be restored forever, also cases of deafness caused by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
